THURSDAY, NOVEMBER 7, 1901.

The Louisville gang needs a little of the medicine Tammany got.

It is a little too near Thanksgiving for Turkey to be getting so gay.

It is sincerely hoped that they are not still voting in the county precincts.

The Republicans are not thinking of contesting Tuesday's election in Paducah.

Turkey may appeal to England for aid, but England is "busy now," as the telephone girl would say.

The next thing is to see how near Congressman Charles K. Wheeler comes to being United States senator.

Treason laws have been passed by the Philippine commission. It's no trouble to punish a Filipino provided you first catch him.

Mayor-elect Yelmer will now have his hands with the police job hunters. They will make life anything but a pleasant dream until the annual appointment in December.

The defeat of Tammany will probably be a death blow to corrupt rule in New York. Boss Croker can now return to England and buy some more \$5,000 gold dogs—he has any where with left after his plunging on Tuesday's election.

Now that an analysis of our drinking water has proven it pure, it would perhaps only be just to the other half to have some of the whiskey analyzed and ascertain what there is in it that makes some of Judge Sanders' regular editors eat such cups occasionally.

The new administration ought to have an easy time. It has promised nothing, and the people cannot complain if it gives nothing. It troubles however, will begin when the city is admitted into the second class and it will have a chance to straighten out the blinks resulting from the confusion.

The city council is tomorrow night to take up the library question. It is more than probable that the clause, if the ordinance relative to a library site will be stricken, leaving nothing for the council to do but pass on the \$1500 annual appropriation and the board of trustees to manage the library.

The Turkish government has issued an exequatur to Dr. Thomas Herbert Norton, the United States consul at Harput, who had been without the authority of the porte to act as United States consul for eighteen months. Turkey claimed that there was no necessity for a consulate at Harput because there was no commerce at that place.

The new administration hasn't enough jobs to go around, hence there is going to be a lively wrangle in the council over the effort to take four or five of the appointments away from the mayor and have the places made elective by the council. Mayor Lang will no doubt veto the ordinance, and it is rather doubtful whether or not it will pass over his veto.

Paducah's water is pure. It has been carefully analyzed and by capable chemists, one in New York and one in Louisville, and has been pronounced pure, and free from pollution of any description. The charge that the water was not pure was made by the board of health, or members thereof, and the result indicates that for the good of the city the board should have had the water analyzed first, instead of making charges that have been conclusively proven without foundation.

One of the most interesting contests in the state was that in Fulton and Hickman counties between Col. Mott Ayers and Judge Joshua Naylor. Col. Ayers and R. B. Flatt had a controversy over the Democratic nomination for representative and after going through the lower courts it was taken to the appellate court, which decided in favor of Col. Ayers. Judge Naylor came out as an independent Democratic candidate, and The Herald, a daily paper, was started in the interest of his candidacy. The Flatt Democrats and others showed Col. Ayers under a 800 majority.

Arrangements are being made in Manila for a petition to be sent to congress asking that autonomy be granted to the Philippines, with a governor appointed by the president of the United States, with veto power

over the two houses, the senate to consist of thirty members, fourteen of them to be named by the governor and sixteen to be elected. In case of the death of the governor it is proposed that his duties shall devolve upon the president of the senate temporarily. The lower house, according to the proposed plan, shall consist of a representative for each 100,000 inhabitants. Finally, the Federalists desire that every Filipino be pardoned for political crimes arising from the war. The Filipinos should first prove themselves capable of autonomy before they can expect it.

COLONEL RISING COMING.

HE IS QUITE A CELEBRATED MAN—HIS GOOD WORK.

Col. Rising, the inspector who was in Paducah recently looking over the routes for rural mail delivery, is to return to Kentucky and inspect other proposed routes.

Col. Rising is not only a veteran of the Civil war, but is also a veteran newspaper publisher and a veteran in the postal work, now serving his nineteenth year in the service. He has investigated and recommended twenty-two routes from Ohio, fifty-one from Indiana, fourteen from Minnesota, thirty-five from Kansas, upward of sixty from Illinois and seven from Kentucky. He was among the earliest advocates of the nomination of Major McKinley, and was a most earnest advocate of his candidacy in two presidential campaigns, and during the last election furnished articles for more than two hundred newspapers. Being a Knight Templar and a comrade, his relations to the beloved President were close and friendly. He is careful and particular in his work, and is considered one of the most competent agents now in the service. Mrs. Rising, a highly accomplished lady, and a brilliant pianist, is his secretary and assistant, and a most proficient in the work.

He has traveled on the road with bands and orchestras for several years and is well known as a musician of much ability through the south and east. He will make a valuable addition to the orchestra and a better man could not have been secured. Mr. McMahon is a Paducah boy.

FAIR AT EDDYVILLE.

Col. W. W. Martin, of Eddyville, was in the city last night on business and returned home this morning. He says that the Eddyville people are preparing to give an old fashioned street country fair and the date has been fixed as the 25th of the present month. About seventy-five premiums have been made up and the fair will be successful. The greatest patronage is expected from the country. The fair will be held open day only and a large attendance is expected from Paducah and vicinity.

Miss Wilson is the accomplished daughter of Mr. John Wilson, of near Pilot Oak. Mr. Cameron is one of the best business men of that section and a member of one of the best families in the county.

INJURED BY A FALL.

Mr. J. M. Wainick, a carpenter residing at Ninth and Ohio streets, yesterday afternoon fell through one story of a new house on which he was working on South Eighth street, sustaining serious injuries. Dr. Coyle attended him and found a rib fractured, and it may be the patient is internally injured.

RED IN THE BLOOD

is the sign of life, of vital force, of the force that life has, of the force that life is.

When the red is lacking, life is weak, the spirits are weak, the body is weak.

Scott's emulsion of cod-liver oil puts red in the blood and life in the body.

It's the food you can turn into muscle and bone and nerve.

It gives you the mastery over your usual food—you want that. What is life worth if you've got to keep dosing yourself as an invalid?

TREATY OF ARBITRATION.

THE PAN-AMERICAN CONGRESS CONSIDERS SUGGESTIONS.

Mexico City, Nov. 7.—The project for a treaty of arbitration and court of arbitration which has been submitted to the Pan-American congress by the Mexican delegation is largely framed on lines raised by the Hague peace conference. However it proposes an increased number of obligatory subjects for arbitration and creates various sanctions, with a view to coercion or punishment of nations, which, after signing the treaty, fail to live up to it. Among the sanctions proposed are the following:

The aggrieved nation and any other nation sympathizing with it may terminate their treaties with the offending power before the proper date for their expiration. Members of the offending power on the court of arbitration may be expelled therefrom and, if the majority of the nations signing the treaty approve, a note of censure may be addressed to the said power. In extreme cases the disapproving powers may suspend diplomatic relations with the recalcitrant government.

A BOXER LEADER.

HE IS ELEVATED BY THE CHINESE TO FOREIGN OFFICE.

Pekin, Nov. 7.—Na Tang, former boxer leader, has been appointed to the Chinese foreign office by an edict received today. He recently returned from Japan, where he went as special envoy to apologize and express condolence for the murder of Enryama Akira, chancellor of the Japanese legation at Peking, shortly before the legations were besieged. This appointment is considered a test of the attitude of the Chinese ministers toward the restoration of the Boxers to imperial favor.

Japanese information reported Na Tang, a fact which contributes further evidence of Japan's recent policy of co-operation with China. Not long ago Japan sounded the powers regarding the propriety of another protest against the Manchurian convention between Russia and China, and was disappointed by a lack of interest in the question on the part of the United States and Great Britain.

A RUSE.

SAID BY KITCHENER TO HAVE BEEN USED BY BOERS.

London, Nov. 7.—Lord Kitchener, in a report to the war office, under date of November 4, gives further details of the recent engagement near Brakenlaagte, Eastern Transvaal, between Col. Benson's column and the Boers, and says:

"The Boers were unable to remove the guns they captured until a British ambulance went out, when, under cover of the ambulance, the burghers carried them off. The Boer losses were undoubtedly heavy, but no correct estimate of them is obtainable. Col. Upperman was killed and Chris Botha was wounded. The Boers are reported to have behaved badly to the British wounded."

Lord Kitchener further reports that Cape Colony to the eastward of the Western Railway, is cleared of Boers, with the exception of the Fouché-Mysburg-Wessels command of 400 men with which Gen. French is dealing.

WAS DISCUSSED.

REV. CAVE MAY DECIDE WHETHER TO LEAVE OR NOT THIS EVENING.

There was a meeting last night of the officers of the First Presbyterian church to discuss the third call on their pastor, Rev. W. E. Cave, to the Presbyterian church at Petersburg, Va. Nothing definite was done, however, and no action taken. It is believed that the matter will be decided by Rev. Cave this evening.

Miss Long is a cousin of Mr. Will E. Cochran of Paducah, and often visits here.

MAYOR GOES HUNTING.

Mayor James Lang, Messrs. Will Cochran, Clarence Brown and Dr. Lillard Sanders left this morning for Hazel, Ky., on a hunting trip. They carried along several fine bird dogs and think the sport will be good. They are undecided as to the length of time they will remain on the hunt but expect to come back heavily laden with the trophies of the hunt.

KNOWS NO DISTINCTION
RICH AND POOR ALIKE SUFFER
FROM CATARRH IN THIS
CLIMATE.

All observant physicians have noticed the enormous increase in catarrhal diseases in recent years and the most liberal and enlightened have cheerfully given their approval to the new internal remedy, Stant's Catarrh

Tablets, as the safest remedy for catarrh yet produced.

One well known catarrh specialist, as soon as he had made a thorough test of this preparation discarded inhalers, washes and sprays, and now depends entirely upon Stant's Catarrh Tablets in treating catarrh, whether in the head, throat or stomach.

Dr. Hissell says: "In patients who had lost the sense of smell entirely and even where the hearing has begun to be affected from catarrh, I have had the best results after only a few weeks' use of Stant's Catarrh Tablets. I can only explain their action on the theory that the cleansing and antiseptic properties of the tablets destroy the catarrhal germs wherever found, because I have found the tablets equally valuable in catarrh of the throat and stomach as in nasal catarrh."

Dr. Estabrook says: "Stant's Catarrh Tablets are especially useful in nasal catarrh and catarrh of the throat, clearing the membranes of mucus and speedily overcoming the hacking, coughing and expectorating."

Any sufferer from catarrh will find Stant's Catarrh Tablets will give immediate relief, and being in tablet form and pleasant to the taste, are convenient and always ready for use, as they can be carried in the pocket and used at any time, as they contain no poisonous drugs, but only the cleansing properties of Eucalyptus bark, Gualacal, blood root and Hydrastis.

All druggists sell the tablets at 50 cents for complete treatment.

NOTES OF THE RAILROADS

A Louisville switchman now in the U. S. hospital here, commonly known as "Casey," treated some little excitement near the hospital this morning by attempting to escape and go to town without the permission of the resident physician who is treated with authority to allow such privilege. Casey slipped off thinking that he was unobserved but the move had been expected and he was soon pursued by several of the inmates and the doctor. In running he selected rather a slimy course and in the chase quite a crowd of women and children were attracted. Some one started the cry that the man was crazy and when Mr. Casey made a sudden turn towards a group of women they snatched up their babies and fled in fright. He was soon captured and bound hand and foot, to a sofa in the reading room as a penalty.

There has been another change in the yard department. The following bulletin was today posted in the yardmaster's department for the benefit of the employees who are ordered to report to Mr. J. J. Delton, as temporary general yardmaster and Mr. E. R. Pierce as assistant general yardmaster. Mr. Pierce succeeds Mr. W. B. Carney who has been transferred to an engine foremanship in the regular yards on the outskirts of the city. The change was effective today. Mr. Pierce has been the foreman at the freight depot and is succeeded by Mr. Mosley. As yet no one has been appointed to succeed night ticket Agent E. N. Staten who resigned to accept a better position in the telegraph department.

The I. O. Forist, Mr. Keller, is in the city today overhauling the depot lawn. The lawn will be raised in the center and the fountain enlarged and also raised. The ground will be ploughed up and fertilizer placed on to have the ground in the very best condition by the spring. All the old plants have been removed and the lawn will present a very much different appearance after a little time. The work will require some little time and Mr. Keller will probably be here a week or possibly longer.

The L. A. Schmitts are preparing to give the biggest ball of the season on Thanksgiving day at the Palmer house. Jones had will furnish the music and the following are the officers elected to have charge. Mr. Jack Hofflich, floor manager and Messrs. John Schroeder, Andy Selts and Ed Egbert a committee on arrangements. The arrangements are being completed now and the biggest ball of the season is expected.

Traveling Auditor, O. W. Titus has begun the work of checking out Agent Wardell who will return to the freight house and Mr. Littell, the newly appointed agent, will be the regular agent after today when the checking has been completed.

The City of Clinton is due this evening from Tennessee river.

The Island Queen will remain here until the first of January, when she leaves for New Orleans, where she will engage in the excursion business during the winter.

Ed Hart, when he quit handling the engines on a steamboat, comes here and grabs a "billy," acting as one of Paducah's night guardians.

Colonel R. E. Gardner, the wealthy St. Louisan, is at Cairo with his pleasure boat, Alice Edna, en route to Southern waters with fifteen guests aboard. They remain in the Egyptian city for several days. Captain L. Lamb, the Clinton, Iowa, man, who is well remembered here, where he bought his pleasure craft, The Idler, last fall, will shortly arrive at the Egyptian city with his houseboat in charge of the Wanderer. Captain Lamb also has a large party of ladies and gentlemen aboard. The boat will lay at Memphis all winter while the season proceeds South by rail. Returning they may again visit here.

Capt. Koger, superintendent of the St. Louis and Tennessee River Packet company, is expected home this evening on the Tennessee from a fishing trip with a party of friends up Tennessee river.

"Some of the steamboatmen think the only way to overcome their present troubles with the rousters is to hire white men to take the places of the negroes, and several have already begun negotiations for white crews," says the New Orleans Picayune. "One captain stated yesterday that he was willing to sign a contract to hire 100 men for five months to work on his boats and had arranged with a labor agent to secure him the required number."

The ferry boat Bettie Owen had a terrible struggle in making her crossing from the Owen's landing near to the city. At the foot of the big bar she grounded. If the river continues to fall a few days more this crossing will be "shot out."

The Laverne owned by the Ayer-Lord Tia Co., of Chicago, will leave here next Saturday with a small party of Chicago ladies and gentlemen as guests of Captain Russell Lord of the firm of Ayer-Lord Tia Co. It is the custom of this company to take a pleasure river trip up the Tennessee river annually. Mr. Henry Pittman, head engineer, is getting the machinery in good shape for the trip.

Mr. Ed Beard, who filled the place of Captain John Newman for last trip on the Richardson as pilot, arrived last evening and reports the river in a very bad condition between here and Evansville, says it is full of snags and logs.

Mr. Ed Fell, who has been one of the star gazers on the Clyde for several months, has taken up winter quarters here, and will undergo thorough repairs.

There is only three feet scant between here and Evansville.

The City of Memphis is advertised to leave St. Louis tomorrow for Tennessee.

Only one foot eight on the gauge this morning.

King Cobbs, an old Paducah boy in years gone by, but now a resident of Evansville and late chief of police of that city was in this city this morning shaking hands with his many friends. King is a fine looking "feller" and weighs 225 pounds.

"Don't you think that a public man should devote himself to study of his country's history and its present needs?"

"Well," answered Senator Borghum, "all that is interesting. But it is a mighty slow way to get office."

BOY WANTED—To learn cutting. Apply at Famous Pants Factory, 1035 N. Eighth.

—The invigorating, blithesome, rollicking "Belle of New York" will begin an engagement of one night at The Kentucky Friday night. The story of how "The Belle of New York," after capturing New York, crossed over to London and ran for 467 nights at the Shaftesbury Theatre let too well known to the theatre goers to require repeating. "The Belle" is one of those musical comedies that can never tire of seeing and hearing. The music is by Gustav Kerkor, and is in that composer's best vein. There is a sort of champagne effervescence about it that rings in one's ears long after it is first heard. The book and lyrics are the work of Hugh Morton, and represents his best work. He has written an entertaining plot, interwoven with several clever and unconventional incidents, and his lyrics and dialogues are the quintessence of satirical wit. It is only necessary to state that the piece was staged by Mr. George W. Lederer to satisfy one that portion of the production is a treat for the eye. What George Lederer does not know about stagecraft and the staging of big musical comedies is not worth knowing. The scenery, too, is particularly striking, being the work of B. Frank Dodge and Ernest Albert. "The Belle of New York" is in two acts and six scenes, among which are views of Pall street, in the heart of New York's Chinese quarter on the Celestial New Year's eve, the pier at Narragansett by moonlight, the Grand Central station, New York and the interior of "Smiles'" Candy store, Broadway, near Twelfth street.

JUVENILE PETITIONERS.

THEY DRAFT RESOLUTIONS TO BE PRESENTED TO THE COUNCIL.

To the City Council:
"We, the Little Folks Literary Club, have met and decided that the public library project is a thing that should receive the most favorable consideration and we hereby petition your honorable body to act in the best and most favorable manner possible and secure the said library at all hazards."

Signed:

IT IS WELL TO REMEMBER
The man who assisted you to cross a shaky bridge.

That life without a purpose becomes exceedingly monotonous.

That self-abnegation does not always indicate heartfelt humility.

That it is not entirely safe to become extravagant on promissory rewards.

That the man who is your inferior today may change places with you tomorrow.

There are possibilities even beyond anticipation in doing a good turn.

That force of habit can be carried to a dangerous extent.

That practical economy piles up the cash column more readily than does sentiment.

That fame and fortune do not always go hand in hand.

That time may nullify the most glittering promises if not carefully watched.—Philadelphia Bulletin.

WHAT ONE WOMAN THINKS.
It is never safe to judge by appearance; who, from looking at at portrait of Cephel would ever think of attributing to him the marvellous executive ability with which he is customarily credited?

Now just imagine if the truth about everything were known by everybody, wouldn't this be an uncomfortable world to live in?

If only men would do all that women think they ought to, Eden would be regained.

There is one great crisis in almost every woman's life; happy is she who records her name on the honor roll of God's unknown heroines!

Life is always worth living to the woman who still believes in a hereafter.—Philadelphia Times.

REFLECTIONS OF A BACHELOR.
Don't bother to spend your income; it will spend itself.

Let me write the check of a country, and I care not who writes its songs.

During a certain age most women think that even their innocence must be picturesque.

Getting engaged appeals to all women, because it gives them a chance to let out a secret.

A brave man is one who isn't afraid to act as judge at a baby show.

Human nature is the same the world over, but it never shows up well at a free lunch counter.

An old bachelor says a man is lucky at cards and unlucky in love if he wins in both instances.

When a young man takes a pretty girl for a boat ride he is seldom content with hugging the shore.—Chicago News.

You can walk over a woman with spiked shoes if you tell her that she is the only one in the world you love enough to do that to.

About the only difference between a married man and a bachelor is that a married man has some freedom and thinks he hasn't, while the bachelor thinks he has some and hasn't.

Getting engaged appeals to all women, because it gives them a chance to let out a secret.

Soap deferred maketh the boy glad. A woman can't bear to tear up an old love letter after she has forgotten who wrote it.
